A STATEMENT.

In our issue of August 8 we published an editorial which has caused no little comment, and now, because there is a difference of understanding regarding that unfortunate speech of a visiting brother, and as a matter of justice to all concerned, including speaker, we make the following statement:

The minister who spoke is a member of the Inter-denominational Temperance Committee, and we are now informed by the Moderator of that association that by the reason of a request of the speaker, the association took a recess and courtesy was extended him—to address the congregation and take a collection during the fifteen minutes' recess. This the speaker did, when the association was again called to order and business was resumed.

Another statement at the instance of the Moderator is this:

After the speech had closed another preacher said, if things were going to the bad he would travel the Democratic route, but the speaker responded affirmatively regarding his knowledge as to whether Taylor, Brown and others, except Mr. Goebel, would sign the Roberts bill in the event it passed both Houses, and this satisfied the preacher.

We said in that editorial that the speaker was not acquainted with Mr. Goebel, and had not talked with him regarding the Roberts bill. This conversation was with the speaker on the streets of Carlisle.

The speaker observed that his knowledge came from official records.

Dr. E. O. Guerrant, in a letter to the State Central and Executive Committee, gives as his reason for quitting the Lexington ticket, that he does not desire to mix politics with religion. This is a doctrine of the Southern Presbyterian Church—the same as of the Baptist Church. A wise decision of Dr. Guerrant is this.

It was in our mind to give Charlie Lewis, editor of the Shelby Sentinel, a severe scoring for that unwarranted assault made by him on Dr. F. H. Kerfoot, one of the best, purest and most scholarly men of Kentucky. We have read that assault. It was an assortment of vile, low and indecent language the meaning of which the editor doubtless did not pause to consider, for not one word of it was applicable to the beautiful life of Dr. Kerfoot. We pity the man who would allow his feeling so wrought that he would rush into print with a worded conglomeration of mean words and apply them to the injury of another. We pity rather than despise for surely something is lacking in the makeup of the man. Such a thrust at a man with the noble character of Dr. Kerfoot is offensive in the eyes of high minded people and it becomes injurious alone to the assailant. We hear some holding Goebel and the Democratic party responsible for this onslaught. Some even lay charge that the Shelby Sentinel is Goebel's paper, his property. We know Mr. James Guthrie purchased that plant, that his son is the business manager and that Mr. Goebel has no interest in it. We have seen the apology or retraction of Mr. Lewis and are sorry to say for the offense it is not adequate and to our minds the only remedy would have been this. Every word used in that scurrilous attack was without foundation untrue and I hereby retract. Dr. Kerfoot we believe will secure a verdict in his damage suit.

Elsewhere we publish a statement in regard to an editorial publication drawn from a speech made at the Bracken Association in session at Carlisle the early part of this month. If those statements are correct we owe the Association the audience and the speaker an apology and would hereby beg pardon and stand ready to make all amends. However we wrote as we understood the speaker. We considered open attack had been made on the doctrine of Church and State; that the speaker was extreme and bitter against a certain candidate and being both a thorough Baptist and Democrat a spirit of resentment possessed his very being. The editor believed then as now that this doctrine of Church and State had been encroached upon; that the character of a Democrat had been assailed, and he who attacks his party or church doctrine attacks him and places him on the defensive. The time has come when all men should be choice in their use of denunciatory language and we trust this little spat may result in good both to the preacher and editor and that the matter will adjourn.

RESOLUTIONS.

It is resolved by the Teachers of Montgomery County:

1st. That we express our gratitude to Prof. Ramey, our instructor, for his practical and satisfactory efforts in arousing and giving a knowledge of our professional duties.

2nd. That we feel we have received much from this Institute, that of practical value, and from our several years' residence here, and realize the need of an annual meeting.

3rd. That we understand as never before that we have a Superintendent in charge as regards the attendance at Institute; rigid as regards her ideas of time and place, and conscientious as to qualifications.

4th. That we thank Mrs. Sophie Randall for the beautiful songs taught us at the Institute, as to me a most pleasant change from the routine Institute work.

5th. That the thanks of the Institute be expressed to the trustees of the Public School for the erection of the building; the Secretary, Miss Juliet French, and Assistant Secretary, Mrs. Charles Duty, for the efficient discharge of their duty; Miss Anna Laughlin for the efficient work which she acted as usher.

6th. That we appreciate the interest the people of the town have taken in publishing the daily work to the Institute.

MISS HINDS

Writes to John White Trimble About

Electric Railway

In Seoul and The Superstition of The People.

A GREAT MOB IN KOREA.

SEOUL, KOKKA, ASIA, JUNE 4, 1890.

DEAR WHITE: Your letter of March 22, was received some days ago. We have been having exciting times here of late, because of an electric railway that has been completed in Seoul. It comes from the home of the Governor of Seoul outside the West Gate, through the heart of the city, out to the East Gate and then to the grave of the Empress. It is about six miles long. A Korean company was organized last year to have the road made and the contract was given to Messrs. Colbran and Bostwick, of San Francisco, Cal. There were seven cars. One is most royally furnished, and is the Emperor's special to take him out to the tomb of his wife. It is a beautiful place, made so by the expenditure of much money. The grave is a large mound about ten feet high. The graves here are not shaped as they are in America, but are round. It is said that only one of the fingers, nail and a very small bone are in the mound, as the body was cremated. The grave is on a hillside, and is decorated with much polished stone. A short foot of the hill there is a large beautiful building—beautiful to the Koreans. It is the spirit house, in which her spirit is supposed to stay. The grounds are guarded by soldiers all the time. Before this place was chosen for the grave by the geomancers, another had been decided upon and much money had been spent on it, when they said that it was not a suitable place to bring prosperity, and took of the beautiful repast. There were present: R. R. Whitfield and family, S. M. Halilin and family, Mrs. W. Anderson and family, Wm. Knox and wife, Miltroy McClure and wife, Misses Nannie and Lizzie Haddon, Mrs. T. J. Douglas, Sump Garrett and wife, H. C. Berkley, James Berkley and family, Mrs. Ed Berkley, Mrs. Jane Wright, Miss Faule Wright, Rev. A. E. Carnahan and family, Clarence Rodgers and family, of Litchfield, Ky.; Mrs. W. Anderson, of Cincinnati; Misses Stoltz and Lydia Tanner, of Winchester; Wm. Leonard, of Cincinnati, and John Olaham and family. After a day of joy and festivity the visitors returned to their homes, having expressed to Mrs. Haining their wishes that she might enjoy many years of her than fair useful life.

An Enjoyable Affair.

Tuesday, August 22, marked the forty-ninth milestone in the life of Mrs. G. W. Haining. Early in the morning of that day, while busy with the morning work, and indulging in reminiscences of the past, a long line of buggies and carriages came to her view. It was nearly a half hundred of her and her husband's friends and neighbors coming all unknown to her to give her a birthday dinner. With many excuses for not being ready for something of which she had no forewarning, the visitors were welcomed. When time for noon repeat came tables were spread under the shade trees in the yard, and with her and her husband at the head of the table, all partook of the bountiful repast. There were present: R. R. Whitfield and family, S. M. Halilin and family, Mrs. W. Anderson and family, Wm. Knox and wife, Miltroy McClure and wife, Misses Nannie and Lizzie Haddon, Mrs. T. J. Douglas, Sump Garrett and wife, H. C. Berkley, James Berkley and family, Mrs. Ed Berkley, Mrs. Jane Wright, Miss Faule Wright, Rev. A. E. Carnahan and family, Clarence Rodgers and family, of Litchfield, Ky.; Mrs. W. Anderson, of Cincinnati; Misses Stoltz and Lydia Tanner, of Winchester; Wm. Leonard, of Cincinnati, and John Olaham and family. After a day of joy and festivity the visitors returned to their homes, having expressed to Mrs. Haining their wishes that she might enjoy many years of her than fair useful life.

boy about ten years of age, ran across the track some distance ahead of the car, which continued to move on. The father of the child on the other side of the track called to him to come back. The child became frightened, ran into the car, was caught under the wheels and killed almost instantly. The father held the helpless form of the child up and urged on the exclamation of the people. They began to stone the motorman and conductor who having no means of resistance, fled for safety. The car was battered to pieces and burned. Another car came along and was treated in like manner. Then the car was raised to demolish the power-house, but Mr. Bostwick was notified and reached there at the same time that the mob did, and when they saw him, they scattered. No car has run since. The managers say that they will show the Koreans that the cars can run, but they will have to wait till things cool down. There are guards along the track, one for every thirty feet to prevent the track from being torn up and the wires from being taken down. The Japanese motormen say that they will not run the cars unless you can have Japanese soldiers on the cars with them.

We had a hard rain all day last Wednesday and several showers since, so I presume the people are convinced that the wires and the power-house did not cause the dry weather, but I presume it will be a long time before they get over the child.

You ask when I am going to leave. I do not yet know. Mr. Trimble wrote for me to stay here till she could see Bishop Wilson, so I am still here and am working most of the time on the language. There is very little that can be done without the language.

Hayn't you taken Ben's picture yet? It seems that with your camera and Robert's painting you might send a picture of some kind. Much love to all. Sincerely,

Kentucky's Campaign Attracts Much Attention.

Probably no campaign in Kentucky ever attracted so much attention from newspapers and the general public outside of the State as the one now in progress. For two or three weeks Kentucky has been the Mecca of nearly all the political correspondents of the big dailies of New York, Chicago and other Eastern cities.

PARTY ON TRIAL

Duty of Kentucky Democrats In This Vital Contest.

NO TIME FOR PETTY STRIFE.

Local Men Must Adhere to the Standard of the Gallant Goebel.

BOLTERS AID THE ENEMY.

Bryan and Chicago Platform Principles Endangered in This State.

BURNING WORDS OF BLACKBURN.

National and State Issues of Mighty Moment Clearly Defined by the Eloquent Senator at the Formal Opening of the Campaign at Mayfield, Trusts and Other Scourges of the Day Sternly Played in a Masterly Philippic and Before a Great Crowd.

At the formal and highly successful opening of the Kentucky Democratic campaign at Mayfield on Saturday, August 12, the stirring keynote was sounded and national and state issues eloquently and clearly defined before a throng of 6,000 of the faithful of Graves county. Senator J. C. S. Blackburn and Hon. William Goebel, our gallant standard bearer, were the orators of the day and were accorded a welcome such as only the stalwarts of the banner Democratic county of the state can give.

Senator Blackburn, in his speech, exhaustively reviewed the problem now confronting the citizens of the state, and lucidly outlined the true position of the loyal Democrat in the present contest. The dissenters came in for a large share of attention. National questions, however, were not overlooked, the speaker severely arraigning the pretensions and misdeeds of the R-publicans. The money power, trusts and the domination of railway corporations review a merciless scathing of the senator's burning words repeated bringing the vast audience to its feet.

Other leading features of the senator's address were his eloquent tribute to the worth of Hon. William Goebel and candidates on the ticket, which he predicted would sweep the state from Mills Point to the Prairies. The speaker also demonstrated how difficult the way of the political host on Kentucky soil. [Applause.] His introductory remarks refer to the sound indisposition of Senator Goebel, who was momentarily overcome by heat while speaking and forced to desist.

PALEY ON TRIAL.

Prayer, Not Execution, For the Biting Element.

Blackburn, upon being introduced and when the applause had subsided, proceeded as follows:

Ladies and Gentlemen and Fellow Democrats—Do not be alarmed about the trial of Paley. He is to be tried. This is just a piece of stage play, and I and the doing this thing by turns.

Some of the lying newspapers of Kentucky— and God knows there are many of them—have been trying to make it out that I was a son of Paley.

Goebel wanted to correct this mistake, and let you see I was the well known who had come along to take care of any one who got over-

I have read in more than one newspaper that I was not going to stand by Paley. I am not going to stand by him. I do not believe he is sick enough to stand by him.

Indeed, I am not going to stand by him. I am doing this thing by turns.

I know that every Democrat in America is to be tried.

Anybody who would know that there was a trial going on in central Kentucky would have an appearance here.

[Applause.] My party is on trial in this contest. I will do the right to pick the jury, and I will do the right to have the trial.

I would not hesitate or fail to assert my party is on trial in this contest.

MILL DROP FLAT

Efforts to Lead Kentucky Democrats into a Bolt.

LOYAL MEN FULLY AROUSED.

Sinister Motives of Dissenters Dragged into the Glare of Public Print.

REVIEW THE SITUATION.

Never Before in the History of the State Did the Party Have a Candidate So Thoroughly in Sympathy With the Masses as is the Hon. William Goebel—Press a Unit For the Gallant Leader.

The efforts being made to lead the loyal Democrats of Kentucky into a bolt against their splendid state ticket will fail flat. Loyal party men are thoroughly aroused all over the state, and will see to it that the sinister motives of the dissenters are made known.

Never in the history of the state has there been a more thorough or so thoroughly in sympathy with the masses or so explicitly committed to measures which promise relief to the overburdened taxpayer, as Hon. William Goebel, and the attacks made upon him at present are sure to recoil upon the heads of the defamers.

The patriotic newspaper press of the state, almost a unit for the loyalty of the people, are daily being dragged into the fire of print, and no one need be in the dark as to the designs of the men who would destroy the party organization of the state and cause the Chicago platform principles and Bryan to go down in defeat.

From the newspapers over the state the following extracts on the situation have been gleaned:

BROWN'S CANDIDACY.

Chief Aim is to Weaken the Democratic Ticket.

The efforts being made to lead the party into a bolt against the Democratic state ticket, an attempt to disrupt the Democratic party, and if successful could have no other effect than to do away with the party organization. That is what the Louisville and Nashville want. Never before in the history of the state has there been so thorough a sympathy with the masses of the people, or so committed to the principles of the party as is Brown. Pay for cheaper books for your children? You are in favor of enlarging the term of office for governors? He is. Pay for the anti-lynching bill? He is. Pay for the anti-lynching bill to prevent execution or do you want the right to enjoy the same? He is. Pay for the anti-lynching bill from all liability for imposition of rates that will rob us, and subject you to the payment of the same? He is. Pay for the bill? He will bear, these coramorts get exorbitant prices for shipping and handling, and the profits that are justly yours? He is.

Anti-Lynching Bill Indorsed By Afro-American.

At Chicago on last Tuesday at a session of the Executive Committee of the Afro-American Council a resolution was adopted indorsing the anti-lynching bill presented to the recent convention by Attorney Edward E. Brown, of Boston. The bill framed by Mr. Brown declares lynching to be a crime against the general government and empowers the President to interfere in any State or Territory to prevent such a crime. The Executive Committee resolved to use its best efforts to secure the passage of the bill by Congress.

Letter For Ex-President Returned To Indianapolis From Paris.

It appears that the people of France are not so well acquainted with Gen. Benjamin Harrison, ex-President of the United States, as are the American people. Gen. Harrison is now in Paris as one of the counsel of the Venezuelan arbitration, and on Tuesday a returned letter came to the post-office of Indianapolis. It had been addressed, "General Benjamin Harrison, Paris, France." It was returned marked "Unknown here."

Thos. B. Reed Resigns.

The resignation of Thomas B. Reed as Congressman from the First Maine district was received by Gov. Powers.

Speaker Reed's letter was as follows: Portland, Maine. To the Governor of Maine—I hereby resign the position of member of Congress from the First District of Maine to take effect on this date (September 4).

familiar with the reforms in this election advocated in the Democratic platform.

In the first place the Chin bill provides that, within ten days after the bill becomes a law, the governor shall appoint a commission of seven citizens of Kentucky who shall be chosen with special reference to their scholarly and business qualifications, one of whom shall be a resident of each legislative district and not more than three of the commissioners belonging to the same political party as the man known as the "Kentucky School Commissioner." Their term of office shall be four years, and their compensation shall be \$5 per day, and their other expenses while in the actual discharge of their duties. No session of the commission shall be longer than one time. As soon as the commission shall have been selected the superintendent of schools shall cause to be advertised for bids from all reliable publishing houses in the United States for furnishing books for the schools of the state. The commissioners, in turn, shall be accompanied with a sample of the book or books proposed by the bidder, and the commission will enter into a contract with the state of their bid is accepted. The bids shall be submitted to the commissioners to be furnished; the price at which they are supplied to dealers and the dealers at which they are supplied to the citizen; the price at which all books now in use in the public schools of the state are to be taken in consideration in fixing the price at which books will be sold to purchasers. Before this contract is entered into, the commissioners shall file with the secretary of state a bond for \$10,000 for the faithful performance of their duties.

The bill then fixes the highest price which the commission shall pay for books to be sold at retail. These prices are compared with the prices now being paid for books of the same class, as follows:

This saving of \$2.92 applies to every book in the state of Kentucky, and amounts to hundreds of thousands of dollars. Take Barren county alone. There are the public schools of this county, and the public schools of this county are 100. A saving of \$2.92 on each child means a saving of \$23,260 to the public schools of the common schools of Barren county alone.

This one plank in the Democratic platform ought to be adopted to secure the support of the state ticket by overwhelming majority, and we believe, when the people have been made to understand the importance of this issue between the parties they will give the ticket headed by Goebel the highest majority received by a candidate since the war—Glengow Aug. 8.

Anti-Lynching Bill Indorsed By Afro-American.

The platform of the Populist convention indorsed the platform of the Afro-American Council of 1896 and in addition contained planks denouncing the policy of the Administration in the Philippines. The platform of the silver Republicans was much the same, and contained, in addition, a strong plank declaring against the use of railroad passes by public officials.

M. Bryan addressed all three conventions, and was emphatic in his denunciation of the Administration's policy in the Philippines. He spoke vigorously in support of the prevent-such-a-crime bill.

Cleanliness goes with health. If we have catarrh anywhere we cannot be wholly clean.

Make systematic efforts to be free from this disgusting disease.

Mrs. L. A. Johnston, 103 Pittman and Ripley Sts., Moline, Ill., tells her experience with extracts of the stomach and how she was cured:

"I will state to you that I have taken eight bottles of your Pe-r-u-a-ni and two Muc-a-lin and rejoice to say, 'God bless Dr. Hartman and Pe-r-u-a-ni.' And I earnestly assure you that it has done more for me than any medicine I have ever taken in my life. I prescribe it to every one I meet who is suffering, as the best medicine in the world, and have made many converts who are now rejoicing in the great good which they have derived from the same. I will tell you that I am now entirely relieved of indigestion, that great foe which has tortured me so many years, and can now eat anything I desire without it is fruits or something acid."

To understand the scientific action of Pe-r-u-a-ni it is best to have Dr. Hartman's special book for women or his book on chronic catarrh. These books are mailed free by the Pe-r-u-a-ni Medicine Company, Columbus, O. All druggists sell Pe-r-u-a-ni.

Another Fire on Saturday. Residence Burned.

About dark on Saturday the fire alarm again sounded; as the fire was ascertained to be on the Levee property beyond city limits, the company did not respond. Even if it had gone there would have been difficulty in securing water. The house of Anderson Alfrey, who lives a few doors beyond the toll gate property, was totally destroyed. The house is a two-story, six room, frame. The family was at supper when the fire was discovered. The second story was then a mass of flames and the fire spread rapidly.

Mr. Alfrey thinks the fire started by a spark from the kitchen fire, entering an open window four feet away and falling on a bed.

Neighbors responded as soon as possible and assisted in saving considerable household goods on first floor.

He carried \$600 insurance on residence and goods, and estimates his loss above insurance at \$400.

By hard work the fire was confined to this house, the bucket brigade doing good work.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

BIG FIRE.

\$25,000 Worth of Property Consumed in a Few Minutes.

OBJECT LESSON—WATERWORKS

On last Wednesday evening about 10.15 o'clock the fire alarm was turned in, when it was discovered that the large warehouse occupied by Wheeler & Herrrott and belonging to T. D. Cassidy & Co., of Lexington, and which was located on line of C. & O. R. R., was in flames. It was a wooden structure filled with combustible material, and it was only a few minutes before the entire building was a perfect sheet of flames. The fire company was on the scene as soon as possible with two engines, but the only effective work they could do was in saving adjoining buildings, and this they did with great success.

The Cassidy building, together with its contents, was a total loss. G. L. Kirkpatrick had 100 hogsheads of tobacco, valued at \$15,000, insurance \$10,000 in Coleman Brothers' agency; Jones & Bryan, North Middletown, had wheat valued at \$1,000 with \$1,200 insurance in Rogers' agency; Wm. Jones had wheat valued at \$2,500 with \$2,000 insurance in H. Clay McKee's agency; Wheeler & Herrrott had a general stock, consisting of hay, corn, oats, shipput, flour, salt, lime, grain sacks, farm implements, coal, etc., valued at \$4,000, insurance \$3,000 in the agencies of H. R. Bright T. E. Rogers and W. H. Strossman. Mr. R. M. Barnes' warehouse a few feet west of this building, also went up in flames. It was also a wooden structure, and was valued at \$3,000, insurance \$2,000; \$1,200 with Hoffman's; \$400 Strossman & Son, \$400 with Colman Bros. There was about six cars of the C. & O. damaged. Marhoff's stable, Fitzpatrick's livery stable, Trimble Bros' warehouse and building of Monarch Milling Co. sustained slight damages, most of which were covered by insurance. The fire caught south-west corner of the Cassidy building. Origin unknown. Mr. Cassidy is undecided about rebuilding. Several parties want the lot. The vacant lot of R. M. Barnes is wanted by the C. & O. R. R. Co., and should they get it they will use it for additional stock pens and tracks. Meers, Wheeler & Herrrott will continue in business and will resume as soon as a suitable location can be found.

Had the wind been favorable much more property would have been swept away. Water gave entirely out, we are informed. Surely this lesson is sufficient to convince our people of the necessity of waterworks, and if the city don't care to own the plant franchise should be conveyed to private individuals who would put them in.

There are some women who seem to be perennially youthful. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the delicate womanly organs that where these are diseased, the whole body must suffer. "Favorite Prescription" drives the debilitating drains, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy cheeked" by the use of this marvelous medicine.

Last summer the managers of the beautiful Cedar Point Theatre, at Sandusky, Ohio, were looking for a strong attraction to please the Ohio Elks who were to give their annual outing at the above resort. Applications from all of the mineral companies were considered, and above Prinsroe & Dockstader, Al G. Field, Cleveland, Wilson and Hi Henry's Minstrels, the management decided that the Great Barlow Minstrels would please the people the most, and the company was engaged, playing to over 40,000 in the week.

T. Peggs, while applying tobacco to his tobacco with a blow—*in the* dry state, inhaled a portion of the poison and became very sick. Dr. Robins attended him and soon relieved him of a serious accident.

A. Oscar has been doing a lively business in buying sheep, hogs and cattle for Capt. Gillespie for the past three weeks at such prices that pays the farmer and enables his employee to make good profits. Bert is a hustler who is good at his work.

Moses, Greene and Lysus have been great hustlers this season, they have handled a good many thousand sheep and lambs also export. Cincinnati cattle and hogs. They have also come out ahead by paying the farmers good prices for their stock.

The late rains have made a great change in the tanners' bank account in the last few weeks. The corn and tobacco crop this week ago just meant one-half a crop of each, to day it will be a good average crop of each, grass good and all stock in good condition. Some few have begun cutting tobacco, it is thought to be the best crop in quality in years, the acreage is not as large but will make up in quality. The farmers and laborers will have no room for complaint, they hogs will be fair, their cornards full, their bank account better and John Young Brown their next Governor.

A Democratic precinct convention was held on last Saturday at 2 p.m., and J. H. Mason was selected as commandingeman from this precinct. While the crowd was not large and boisterous they are strong in the faith that ex-governor John Brown will be the next G. V. of Kentucky. This people is hearty in favor of a big barbecue to be held at or near Mt. Sterling in the near future and will contribute its share of provisions to feed the twenty thousand people who will attend. The are willing to kill the calf to day or old time Andrew Jackson barbecue. These people who are for Brown are no bolters or scratchers as your paper terms them. We know nothing but Democracy and have never yet excepted under the rooster and we expect to vote and elect John Young Brown under the rooster in November.

Republican Speech.

Taylor and Marlow, Republican candidates for Governor and Lieutenant Governor, spoke at the courthouse Thursday afternoon to about 500 people. The burden of their grievances was that Goebel had them lit into it mightily, but said nothing about that Republican force bill, which rests on the congressional table. Gen. Taylor said he was very well pleased with his meeting here.

WHEN NATURE PRODUCES A SHALLOW BRAIN

It attempts to even up matters by supply of a fluent tongue, and if nature produces a weak pair of eyes it attempts to even up matters by supplying a strong set of straining nerves, which are connected with the brain. Thus such people do their seeing by a pressure on the brain, which accounts for their headaches wrinkles in the forehead and dread of bright light, and many other nervous afflictions too numerous to mention in this little space.

Some Deplorable Don'ts.

DON'T put off putting on spectacles. You will be sorry later on.

DON'T think your eyes are good because you can see a bird's thought on the church steeple. Your headache may be caused from your eye strain.

DON'T be disappointed with your neighbor's glasses because you can't see through them. They are made for your neighbor.

DON'T judge the glasses by the frames they are in.

DON'T try to fit your own eye, that is impossible.

DON'T waste time trying on other people's glasses. Get a pair of your own.

DON'T WORRY, but if you really must worry about your eyes, then worry. Dr. J. HARRAHS: he knows something about it, and can help you. Your neighbor's don't.

DON'T wait till you are almost blind before you get the right glasses. It don't pay.

DON'T say anything against Dr. HARRAHS, because you don't like him or his work. You have not tried him, and other people have, and won't believe you.

DON'T think Dr. HARRAHS is too expensive for his glasses, because he is so exceptionally successful in fitting the eyes. When once you have failed, his knowledge and experience is what does the work, and that has been paid for long ago. He makes special prices this week, and tests eyes free. Go and see him; you won't regret it.
